

Macaroon Cookies

1 – 14.5 oz. bag of shredded coconut

1 – Can sweetened condensed milk

1 – tsp. Vanilla or Almond extract

4 – 5 tbsp. Flour

Pecans, Marachino Cherries, or even drizzled melted chocolate Or all of them.

350° for about 17 minutes

Mix the flour ingredients with the shredded coconut. Mix the vanilla or almond extract into the sweetened condensed milk. Add the sweetened condensed milk to the coconut mixture. Spoon onto cookie sheet(definitely advise using baking parchment paper... It really makes the job easy), then add a pecan, marachino cherry, or whatever you like to the top of the cookie before baking. **ENJOY**
